Reinforced Natural Grass Pitch

📍 12 avenue du Tremblay
75012 Paris

Inaugurated in 2018, this pitch is heated and is aligned with the standards of the best international football pitches. Used by France's women's football section, as well as occasionally by French and foreign rugby teams, it limits injury risks, optimises cushioning and reduces fatigue thanks in particular to its high-tech hybrid grass, which is the same surface as that used in France's national stadium, the Stade de France.

PRESENTATION:

TOTAL SURFACE AREA

8030 m²

DISCIPLINES ACCOMMODATED

- > [Football](#)
- > Rugby

FACILITIES

- > Football pitch: 68 x 105 m = 7 140 m
