

Library

The INSEP document resource centre constitutes a comprehensive multimedia collection dedicated to sports science and techniques, including books, theses and dissertations, congress reports, reviews, videos, articles and databases. It is intended for researchers, teachers, students, coaches and journalists. The document resource centre catalogue can be accessed via the [Sport'docs portal](#), the entry point for sports documentation.

The library offers more than 120 newspapers and journals that can be consulted on site, as well as 50 online scientific journals and a specialized database, accessible by logging on doc.insep.fr.
