## The hair salon at INSEP opens its doors

---

*The partnership between INSEP and L'Oréal has led to the opening of a hair salon at INSEP!*

*Published on 21 October 2022*

This new service is intended for both INSEP staff and athletes. The objective: to complete the range of services available on site in order to allow the latter to optimize their very busy schedule, and consequently their sports project. Enhance yourself to perform better!

This new space also contributes to creating an Olympic pre-village atmosphere at INSEP, which will only grow as the Paris 2024 Olympic and Paralympic Games approach!
